AMOUNT REMITTED:					
Application Fee: \$250.00		Other Fees:		Total:	

The District may require further information to be submitted to process this application. If the use of this water is determined by an applicable Federal agency to require site-specific compliance with the National Environmental Policy Act (NEPA), that compliance will be the responsibility of the Applicant. Applicant is responsible for consulting with the Army Corp of Engineers regarding the need to comply with Section 404 of the Clean Water Act as the result of the construction of any facilities necessary to use the contract water.

The Applicant hereby acknowledges receipt of the Water Marketing Policy of the Colorado River Water Conservation District's Colorado River Water Projects Enterprise, dated October 19, 2005 (Policy).

*Pursuant to the Policy, the Enterprise will oppose Water Court applications that propose use of the Enterprise's water supplies without the existence of a current Water Supply Contract or are otherwise at variance with the Policy. If the Applicant has filed a Water Court application without having executed a Water Supply Contract and the Enterprise has opposed that application, the water supply contract application fee is \$500.00.

**Applicants are advised to identify Wolford Mountain Reservoir and Ruedi Reservoir in all applications and/or decrees relying on the Enterprise's Colorado River Supply or Eagle River Supply.
